

## **PRESS RELEASE**

**Circle Group signs an agreement to supply MasterSPED® platform to Transuisse**

**The project will help increase process efficiency through operational and accounting automation and digitalisation, ensuring regulatory compliance and improved financial management.**

*Milan, April 15, 2025*

**Circle S.p.A.** (“**CIRCLE**” or the “**Company**”) - an Innovative SME listed on the Euronext Growth Milan market, heading the Group specialized in the process analysis and the development of solutions for the digitalization of the port and intermodal logistics sectors, as well as in the international consultancy on Green Deal and energy transition topics – announces the launch of a new project aimed at enhancing Transuisse's operational efficiency by integrating advanced digital solutions for financial and fiscal management through the provision of **MasterSPED®**, the software platform developed by the Circle Group, designed for freight forwarders, customs operators and freight forwarders. This suite will help introduce modern working methods and optimise logistics flows, covering areas such as road, rail, air and sea transport, as well as financial and customs management.

**Transuisse** is a forwarding house specialised in the management of international transport throughout Europe and import/export practices (AOC certified), with a focus on connections between Italy and Switzerland, also offering a dedicated warehousing service to its customers. The implementation of the MasterSPED® platform will bring important advantages in the **management of practices** and greater **accuracy of data** while contributing to the **reduction of processing times**, improving the level of **operational efficiency**. In addition, the optimisation of operational and transaction flows will enable more effective management of economic resources, strengthening corporate governance and ensuring full alignment with current regulations.

*‘The agreement with Transuisse,’ says **Luca Abatello, CEO of Circle Group**, ‘represents a further milestone in the digital transformation of businesses, perfectly in line with the objectives defined in our “**Connect 4 Agile Growth**” business plan. Our commitment responds to the needs of an ever-changing business world, and the integration of the new solutions will allow Transuisse to reduce management time, minimise errors and optimise resources, creating a safer and more efficient administrative environment’.*

**Paola Somma, owner of Transuisse's family business,** commented: *'For more than 20 years, our company has distinguished itself by offering customised and efficient services in the fields of customs, transport and logistics. We chose to adopt MasterSPED® to further consolidate our commitment to excellence, complementing our expertise with innovative solutions that allow us to offer customers a high value-added service.'*

Founded in Genoa in 2012, **Circle S.p.A.** is the Innovative SME at the head of the CIRCLE Group, the Group specialising in the analysis and development of products for the **innovation and digitalisation of the port and intermodal logistics sectors and in international consultancy on Green Deal and energy transition issues.**

The Group includes the software houses **Info.era**, **NEXT Freight**, **Cargo Start**, **eXyond S.r.l.**, **Circle Garage**, the consulting companies **Magellan Circle** and **Magellan Circle Italy**, **NEXT Customs**, as well as the subsidiaries **ACCUDIRE**.

The main products are the different **Milos®** suites for various targets, the **Extended Port Community System**, the **MasterSPED®** and **Milos® Global Supply Chain Visibility** solutions for shipping, logistics, trade and industry, respectively, as well as **StarTracking®**, an airport-to-airport tracking solution. Completing the Supply Chain offering are **'Federative Services'**, offered in cloud mode, which can make customers' migration to a digital business model more efficient.

In the Circle Group's sphere of innovation activities, **Milos® Intelligence** offers a series of advanced solutions that exploit AI technologies for optimisation, simulation and the Digital Twin to support the transformation of decision-making processes by promoting the digitalisation of systems.

Through **Magellan Circle** and **Magellan Circle Italy**, the Group operates in the field of advocacy at European institutions, working alongside public bodies and companies, identifying their positioning at European level (**Strategic Communication and Advocacy**) and funding opportunities (**Eu Funding Accelerator**), with a vertical focus on Green Deal and energy transition issues.

With the acquisition of **Cargo Start**, a company specialised in the development and sale of innovative technological products and services for air cargo, Circle has also strengthened its offer in a rapidly expanding and strategic segment with respect to the **Connect 4 Agile Growth** industrial plah.

Through its subsidiary **eXyond** (92%), is active in offering advanced Gate Automation solutions for port and intermodal nodes, in advanced traffic monitoring and management services on the Italian road and motorway network (**Infomobility**), and in the provision of telematic services (**Truck**), based on proprietary technology platforms, to companies operating in the logistics, transport and insurance sectors.

Circle also owns 21% of the share capital of **ACCUDIRE**, an innovative startup from Verona that provides a **Collaborative Digital Platform** capable of helping players along the global supply chain in the exchange of information and the management of document flows, starting with the **e-CMR** (or electronic waybill) and **e-DDT**.

Finally, through **NEXT Customs**, active in customs optimisation digital services and functional to the continuation of initiatives aimed at the harmonisation of customs processes, Circle has entered a strongly

*strategic sphere for the evolution of the **Connect 4 Agile Growth** path.*
