

PRESS RELEASE

**Circle GROUP alongside companies for the LogIN Business call for tenders:
digitalisation and sustainability for the logistics of the future with 40% grant co-financing
or de minimis funding**

Milan, July 17, 2025

Circle S.p.A. (“CIRCLE” or the “Company”) - an Innovative SME listed on the Euronext Growth Milan market, heading the Group specialized in the process analysis and the development of solutions for the digitalization of the port and intermodal logistics sectors, as well as in the international consultancy on Green Deal and energy transition topics – announces the publication of the **LogIN Business call**, an initiative promoted by the Ministry of Infrastructure and Transport with the support of RAM S.p.A., aimed at supporting the **digital and sustainable transition of freight transport in Italy**.

The initiative, published on 16, July 2025, makes available a total funding of EUR 157 million, providing a grant of up to 40% of eligible expenses or de minimis financing. Applications can be submitted from late August/early September via Click Day mode as will be better defined by an MIT circular within 30 days of publication.

Circle Group participates as a **technological and operational partner**, offering companies and associations concrete and structured support. In particular, Circle - together with its partners - will be responsible for conducting an initial technological check/assessment aimed at detecting the specific needs of each reality, with subsequent declination and project planning. It will also take care of the preparation of the implementation project and the compilation of the application. Operational support activities and administrative management in the case of associated companies will be taken care of by the associations involved.

The LogIN Business call for tenders aims to achieve ambitious objectives, including **enhancing the efficiency of multimodal logistics at a national level, promoting sustainable intermodality, and encouraging the adoption of digital solutions and platforms**, with a focus on the use of electronic documentation (such as e-CMR, e-DDT and eFTI). In addition, the call includes the possibility of funding e-Learning modules aimed at achieving the main objectives of the initiative.

*'The Login Business call represents an extraordinary opportunity to accelerate digitalisation and sustainability in the logistics and freight transport sector, strategic areas for the competitiveness of our country,' Luca Abatello, CEO of Circle Group. 'We are so ready to make all our technological, design experience available to companies to effectively accompany them at every stage of this important journey, thus helping to build a more efficient, innovative and sustainable logistics system, as per the **"Connect 4 Agile Growth"** business plan.'*

Circle Group offers itself as a reliable and competent partner to accompany companies in all stages of the path provided by the call, offering a complete service that starts from the eligibility analysis and planning, to the preparation and submission of the application and support in the reporting phase. The group also provides concrete technological solutions (MILOS®, KMASTER®, INFOBLU®, MASTERSPED®, STARTRACKING® first and foremost) for the digitization of logistics processes, which include document dematerialization (such as e-CMR and e-DDT), the eFTI platform, tools to ensure interoperability with logistics nodes, advanced and integrated telematics solutions, federated modules, and on-board telematics for transport vehicles and equipment.

Support for the Login Business call is part of the strategic components related to the Connect 4 Agile Growth Plan, and Circle Group has constituted a specialized team in this regard since the beginning of PNRR.
