

PRESS RELEASE

Circle GROUP: is moving forward with the expansion of its MILOS TOS and eXyond GOS platforms thanks to a new €500,000 contract covering two intermodal terminals.

Milan, September 23, 2025

[Circle S.p.A.](#) ("CIRCLE" or the "Company") - an Innovative SME listed on the **Euronext Growth Milan market**, heading the Group specialized in the process analysis and the development of solutions for the digitalisation of the port and intermodal logistics sectors, as well as in the international consultancy on Green Deal and energy transition topics – announces the operational launch of its second intermodal terminal in Southern Europe, as part of the wider program to digitalize land logistics.

The new project includes the adoption of **TOS (Terminal Operating System)** and **GOS (Generate Operating System)** modules — the technological cores of the **MILOS®** and **eXyond suites** — under a contract worth approximately **€500,000**.

The systems will be deployed at two strategically significant inland terminals, with the goal of enhancing operational efficiency, digitalizing cargo handling processes, and strengthening connectivity among logistics chain stakeholders. This initiative is part of a broader plan that will gradually extend to other selected logistics hubs across the Mediterranean area, following an integrated and scalable vision.

The project will enable centralized management of terminal operations, with features including real-time monitoring of intermodal flows, optimized use of resources and equipment, integration with external systems (such as rail companies and trucking operators), and full digitalization of documentation. The system will be seamlessly integrated with the existing ICT infrastructure, in line with a modular architecture designed to ensure scalability and interoperability.

*"With this second major milestone, we reaffirm the value of our modular and interoperable approach to the digitalization of inland terminals," said Luca Abatello, CEO of Circle Group. "Thanks to our sustained investments over the years, MILOS has become a benchmark for optimizing intermodal operations and continues to prove its effectiveness in driving the digital transformation of the supply chain — another step forward in delivering our **Connect 4 Agile Growth** industrial plan."*

This press release is available in the Investor Relations section of the website www.circlegroup.eu and www.1info.it.

Founded in Genoa in 2012, Circle S.p.A. is the Innovative SME leading Circle Group, a company listed on Euronext Growth Milan since 2018 and specialized in the analysis and development of solutions for innovation and digitalization in the port and intermodal logistics sectors, as well as in international consultancy on Green Deal and energy transition topics.

*The Group includes the software houses **Info.era**, **NEXT Freight**, **eXyond**, **Cargo Start**, the consulting firms **Magellan Circle** and **Magellan Circle Italy**, **NEXT Customs**, as well as the affiliated company **ACCUDIRE**.*

*In the field of digital innovation, the **Milos® Intelligence** platform integrates advanced technologies such as AI, simulation, and Digital Twin to support decision-making processes and the digitalization of systems, through solutions like the **Extended Port Community System**, **MasterSPED®**, **Milos® TOS**, **Milos® MTO**, **Milos® TFP**, **Milos® Global Supply Chain Visibility**, and **StarTracking®**. Complementing the offering, **Federative Services (cloud-based)** enable a more efficient migration towards digital business models.*

*Through **Magellan Circle** and **Magellan Circle Italy**, the Group is active in Brussels and across Europe in **advocacy activities with the European Institutions**, supporting public bodies and companies with services in **Strategic Communication and Advocacy** and **EU Funding Accelerator**, with a focus on the Green Deal and energy transition.*

*With **Cargo Start**, specialized in technological solutions for air cargo, Circle has strengthened its offering in a strategic segment of the **Connect 4 Agile Growth** industrial plan. With **eXyond**, the Group operates in advanced **infomobility** services (InfoBluNewGen) and telematics solutions for the logistics, transport, and insurance sectors (Kmaster).*

*Circle also holds a 22% stake in the innovative startup **ACCUDIRE**, which offers a collaborative platform for document management along global supply chains, starting from **e-CMR** and **e-DDT** (electronic consignment note). With **NEXT Customs**, the Group develops digital services for customs optimization, contributing to the harmonization of processes in line with the strategic directions of **Connect 4 Agile Growth**.*

Circle S.p.A. has been listed on the Euronext Growth Milan market of Borsa Italiana since October 26, 2018 (alphanumeric code: CIRC; ISIN code ordinary shares: IT. 0005344996).
