Circle Group: Martras Shipping & Forwarding chooses MasterSPED to digitize shipping, customs, and multimodal operations

Milan, November 4, 2025

[Circle S.p.A.](#) ("CIRCLE" or the "Company") - an Innovative SME listed on the **Euronext Growth Milan market**, heading the Group specialized in the process analysis and the development of solutions for the digitalisation of the port and intermodal logistics sectors, as well as in the international consultancy on Green Deal and energy transition topics – announces that **Martras Shipping & Forwarding** has chosen **MasterSPED®**, the platform developed by Next Freight, to accelerate the digital transformation of its operational processes.

Martras Shipping & Forwarding S.r.l., with operational headquarters in Milan and part of the Martras Group, is a company active in the field of international shipping, with a strong specialization in Ro-Ro transport and oversized cargo. The company stands out for its consolidated know-how in the automotive, heavy rolling stock, and oversized static cargo sectors, offering tailor-made logistics solutions.

Through the adoption of MasterSPED® in Cloud SaaS mode, Martras will be able to manage maritime, air, and land shipments in an integrated manner, together with warehouse, customs, invoicing, and economic-financial control processes. The platform will also enable **digital document archiving** and access to **advanced reporting and analytics tools**. Thanks to integrations with DCSA-compliant carriers, port and airport systems, and international platforms such as INTTRA, the company will benefit from a faster, interoperable operational flow without manual re-entries.

The project includes a complete onboarding process, with dedicated user training, activation of cloud-based document services, and vertical optimizations of shipping flows generated by warehouse outputs, in order to improve productivity and speed of operations.

"We are delighted to support Martras in its digital evolution through MasterSPED®, a solution designed to ensure operational efficiency, regulatory compliance, and a competitive advantage in multimodal shipment management," said Luca Abatello, CEO of Circle Group. "This project confirms our commitment to making international supply chain processes increasingly integrated, intelligent, and scalable, in line with the industrial vision of the

Connect 4 Agile Growth plan.”
