

PRESS RELEASE

eXyond, subsidiary of CIRCLE Group, secures a contract worth approximately €250,000 as part of supply chain digitalization initiatives

The project focuses on digital interoperability solutions, eFTI and document dematerialization, aimed at supporting road transport and logistics companies

Milan, April 28, 2026

[Circle S.p.A.](#) (“CIRCLE” or the “Company”) - an Innovative SME listed on the **Euronext Growth Milan market**, heading the Group specialized in the process analysis and the development of solutions for the digitalisation of the port and intermodal logistics sectors, as well as in the international consultancy on Green Deal and energy transition topics – announces that its subsidiary **eXyond** has secured a new contract with a total value of approximately **€250,000** by a leading player active in the development of services supporting companies operating in the road transport and logistics sector, with a well-established nationwide network.

The project is part of broader supply chain digitalization initiatives and entails the provision and implementation of advanced technological solutions for the management and interoperability of information flows, with a specific focus on compliance with the **European eFTI Regulation** and the progressive dematerialization of transport documentation (**e-CMR** and **e-DDT**).

In particular, the activities include the adoption of the **Milos® Transport Federative Platform (TFP)**, designed to enable integration between logistics operators’ information systems and to facilitate the digital exchange of data along the entire value chain, in line with federative models also promoted within national initiatives for the digitalization of the sector. The project also includes the activation of a specific module for connection with corporate **TMS/ERP systems**, as well as components dedicated to the management of transport documents in digital format.

The solution enables the companies involved to benefit from greater operational efficiency, reduced time and costs related to document management, as well as full regulatory compliance, while also contributing to the sustainability of processes through the reduction of paper usage.

The project activities will be developed progressively, in line with the implementation plans

of digital innovation projects in the freight transport sector.

The initiative is part of the broader digital transformation journey of the logistics industry, strengthening the Group's positioning as a key technology partner for the development of interoperable digital ecosystems compliant with European standards.

'This new contract confirms the growing demand for advanced digital solutions in the logistics sector and the role of Circle Group and eXyond in supporting operators and structured networks in their innovation and regulatory compliance journeys,' said Luca Abatello, CEO of Circle Group. 'We continue to invest, in line with the Connect 4 Agile Growth plan, in federative platforms and services capable of enabling full supply chain interoperability, contributing to the digitalization of freight transport at both national and European level.'

This press release is available in the "Investor Relations" section of the websites www.circlegroup.eu and www.1info.it.

Founded in Genoa in 2012, Circle S.p.A. is the Innovative SME leading Circle Group, a company listed on Euronext Growth Milan since 2018 and specialized in the analysis and development of solutions for innovation and digitalization in the port and intermodal logistics sectors, as well as in international consultancy on Green Deal and energy transition topics.

The Group includes the software houses Info.era, NEXT Freight, eXyond, Cargo Start, the consulting firms Magellan Circle and Magellan Circle Italy, NEXT Customs, as well as the affiliated company ACCUDIRE.

In the field of digital innovation, the Milos® Intelligence platform integrates advanced technologies such as AI, simulation, and Digital Twin to support decision-making processes and the digitalization of systems, through solutions like the Extended Port Community System, MasterSPED®, Milos® TOS, Milos® MTO, Milos® TFP, Milos® Global Supply Chain Visibility, and StarTracking®.

Complementing the offering, Federative Services (cloud-based) enable a more efficient migration towards digital business models.

Through Magellan Circle and Magellan Circle Italy, the Group is active in Brussels and across Europe in advocacy activities with the European Institutions, supporting public bodies and companies with services in Strategic Communication and Advocacy and EU Funding Accelerator, with a focus on the Green Deal and energy transition.

With Cargo Start, specialized in technological solutions for air cargo, Circle has strengthened its offering in a strategic segment of its industrial plan. eXyond oversees advanced infomobility services (InfoBlu New Gen),

*focused on real-time traffic information products and services and big traffic data analytics, also for freight and logistics, as well as advanced telematics solutions for road transport (Kmaster) and Gate Automation solutions. Circle also holds a 22% stake in the innovative startup **ACCUDIRE**, which offers a collaborative platform for document management along global supply chains, starting from **e-CMR** and **e-DDT** (electronic consignment note). With **NEXT Customs**, the Group develops digital services for customs optimization, contributing to the harmonization of processes in line with the strategic directions of **Connect 4 Agile Growth**.*

***Circle S.p.A. has been listed on the Euronext Growth Milan** market of Borsa Italiana since October 26, 2018 (alphanumeric code: CIRC; ISIN code ordinary shares: IT. 0005344996).*
