

PRESS RELEASE

Circle Group Accelerates the Digital Evolution of Autotrasporti Pigliacelli S.p.A. with the Milos® Suite

The agreement enables integrated, traceable and sustainable management of intermodal logistics processes, from document dematerialization to real-time monitoring

Milan, June 4, 2026

Circle S.p.A. (“**Circle Group**” or the “**Company**”) - an innovative SME listed on the Euronext Growth Milan market, and the parent company of the group of the same name specialising in process analysis and the development of solutions for innovation and digitalisation in the port and intermodal logistics sectors, as well as in international consultancy on Green Deal and energy transition issues - announces the signing of an agreement with **Autotrasporti Pigliacelli** for the adoption of the **Milos® Suite**, aimed at accelerating the digitalization of its intermodal supply chain toward a more efficient operating model.

The initiative includes the implementation of an integrated and interoperable digital infrastructure capable of connecting the company’s TMS with ports, inland terminals, airports, logistics terminals, rail operators, and customers’ systems, enabling document dematerialization, real-time monitoring of transport flows, and advanced management of operational and ESG data across the entire transport chain.

Specifically, the project includes the adoption of the **Milos® TFP** (Transport Federative Platform) module, the **Milos® eFTI Platform**, and dedicated connectors for **e-CMR** and **e-DDT** management, enabling full document digitalization and compliance with the **European eFTI Regulation**. The infrastructure will also provide interoperability with ports, inland terminals, airports, and logistics hubs through **a single integration between the company’s TMS and the Milos® platform**.

The agreement also includes the implementation of advanced functionalities for digital interaction with rail operators, integration with customers’ **ERP** and **TMS** systems, as well as **Business Intelligence tools** and **ESG dashboards** for monitoring operational **KPIs**.

Among the project’s distinguishing features are the integration of fleet telematics data to optimize planning and operational management, the automation of information flows, and

the deployment of advanced services related to qualified ETA forecasting and real-time monitoring of logistics operations.

“Thanks to the Milos® ecosystem, Autotrasporti Pigliacelli S.p.A. will be able to centralize its operational processes through a modular and scalable model, reducing management complexity and improving efficiency, sustainability, and competitiveness. I would like to express both my personal satisfaction and that of the company with the progress achieved together with Circle Group over the past months, with the conviction that there may be further opportunities and ways to continue working together in the future,” said **Marcello Pigliacelli, Managing Director of Autotrasporti Pigliacelli S.p.A.**

“This agreement confirms Circle Group’s ability to support transport operators in undertaking concrete digital innovation and advanced interoperability initiatives. The project with Autotrasporti Pigliacelli represents a further step toward building a supply chain that is increasingly integrated, sustainable, and compliant with new European standards, in line with our ‘Connect 4 Agile Growth’ industrial plan,” said **Luca Abatello, CEO of Circle Group.**

Founded in Genoa in 2012, Circle S.p.A. is the Innovative SME leading Circle Group, a company listed on Euronext Growth Milan since 2018 and specialized in the analysis and development of solutions for innovation and digitalization in the port and intermodal logistics sectors, as well as in international consultancy on Green Deal and energy transition topics.

The Group includes the software houses Info.era, NEXT Freight, eXyond, Cargo Start, Qmap, the consulting firms Magellan Circle and Magellan Circle Italy, NEXT Customs, as well as the affiliated company ACCUDIRE.

In the field of digital innovation, the Milos® Intelligence platform integrates advanced technologies such as AI, simulation, and Digital Twin to support decision-making processes and the digitalization of systems, through solutions like the Extended Port Community System, MasterSPED®, Milos® TOS, Milos® MTO, Milos® TFP, Milos® Global Supply Chain Visibility, and StarTracking. Complementing the offering, Federative Services (cloud-based) enable a more efficient migration towards digital business models.

Through Magellan Circle and Magellan Circle Italy, the Group is active in Brussels and across Europe in advocacy activities with the European Institutions, supporting public bodies and companies with services in Strategic Communication and Advocacy and EU Funding Accelerator, with a focus on the Green Deal and energy transition.

With Cargo Start, specialized in technological solutions for air cargo, Circle has strengthened its offering in a strategic segment of its industrial plan. eXyond oversees advanced infomobility services (InfoBlu New Gen), focused on real-time traffic information products and services and big traffic data analytics, also for freight and logistics, as well as advanced telematics solutions for road transport (Kmaster) and Gate Automation solutions. Circle also holds a 20% stake in the innovative startup ACCUDIRE, which offers a collaborative platform for document management along global supply chains, starting from e-CMR and e-DDT (electronic consignment

note). With **NEXT Customs**, the Group develops digital services for customs optimization, contributing to the harmonization of processes in line with the strategic directions of **Connect 4 Agile Growth**.

Circle S.p.A. has been listed on the Euronext Growth Milan market of Borsa Italiana since October 26, 2018 (alphanumeric code: CIRC; ISIN code ordinary shares: IT. 0005344996).
