

PRESS RELEASE

CIRCLE GROUP: EXYOND AWARDED A CONTRACT WORTH OVER €1.3 MILLION BY A LEADING EUROPEAN AIRPORT OPERATOR

The contract concerns the GPS monitoring of vehicles operating in the airside area and includes a potential extension up to a total value of €3.2 million

Milan, August 6, 2026

CIRCLE Group ("CIRCLE" or the "Company") – an Innovative SME listed on the **Euronext Growth Milan** market, heading the eponymous Group specialised in process analysis and the development of solutions for the innovation and digitalisation of the port and intermodal logistics sectors, as well as in international consulting on Green Deal and energy transition matters – announces that its subsidiary **eXyond has been awarded a European tender launched by a leading Italian airport operator** for the supply and maintenance of a GPS monitoring system for vehicles operating in the airside area.

The total value of the award amounts to over **€1.3 million**. Should the options and extensions provided for under the tender procedure be exercised, the total value of the project may reach **€3.2 million**.

The contract includes the supply of the software licences required to implement the system, the supply and installation of **GPS devices** and **badge readers**, system maintenance, and the development of technological upgrades and additional customisations. This solution will enable real-time monitoring of the movement and use of vehicles operating in the airside area, helping to strengthen operator safety, authorisation controls and the optimisation of airport operations.

The system will also be able to integrate devices already installed by third-party operators, in line with the federative approach that characterises the solutions developed by CIRCLE Group, enhancing existing technological infrastructure and promoting interoperability between different systems and operators.

This award will enable eXyond to continue and further develop a project launched in 2019 at the same airport, progressively expanding its functionalities, coverage and integration capabilities.

The initiative is part of the broader “Connect 4 Agile Growth” strategic roadmap, further strengthening the Group’s expertise in Artificial Intelligence applied to logistics, process optimisation, interoperability, and the federated and secure management of data.

“This award confirms the value of the expertise of eXyond and CIRCLE Group in integrating technologies, data and processes within particularly complex infrastructure environments. We are proud to continue our collaboration with one of Europe’s leading airport operators, contributing to the evolution of a system that provides tangible support to the safety and efficiency of airside operations. The potential extension of the contract up to €3.2 million also highlights the project’s significant development and scalability potential,” said **Luca Abatello, Chairman and CEO of CIRCLE Group.**

The contract will be signed upon completion of the relevant procedures and in compliance with the deadlines set out under applicable legislation.

Circle Group uses the [1INFO](#) system to disseminate information subject to disclosure requirements.

Founded in Genoa in 2012, Circle S.p.A. is the Innovative SME heading Circle Group, listed on Euronext Growth Milan since 2018 and specialised in process analysis and the development of solutions for the innovation and digitalisation of the port and intermodal logistics sectors, as well as in international consulting on Green Deal and energy transition matters.

The Group includes the software houses Info.era, NEXT Freight, eXyond, Cargo Start, QMap, the consulting firms Magellan Circle and Magellan Circle Italy, NEXT Customs, and the associate company ACCUDIRE.

In the field of digital innovation, the Milos® Intelligence platform integrates advanced AI, simulation and Digital Twin technologies to support decision-making processes and systems digitalisation, with solutions such as the Extended Port Community System, MasterSPED®, Milos® TOS, Milos® MTO, Milos® TFP, Milos® Global Supply Chain Visibility and

StarTracking. Complementing the offer, Federated Services (cloud-based) enable a more efficient migration towards digital business models.

Through Magellan Circle and Magellan Circle Italy, the Group operates in Brussels and across Europe in advocacy activities with European Institutions, supporting public bodies and companies with Strategic Communication and Advocacy and EU Funding Accelerator services, with a focus on the Green Deal and energy transition.

With **Cargo Start**, specialised in technology solutions for air cargo, Circle has strengthened its offering in a segment that is strategic to the Connect 4 Agile Growth industrial plan. With **eXyond**, the Group is active in advanced infomobility services (InfoBluNewGen) and telematics solutions for the logistics, transport and insurance sectors (Kmaster).

Circle also holds a 20% stake in the innovative start-up **ACCUDIRE**, which provides a collaborative platform for document management along global supply chains, starting from e-CMR and e-DDT (electronic consignment notes). With **NEXT Customs**, the Group develops digital customs optimisation services, contributing to process harmonisation in line with the strategic directions of Connect 4 Agile Growth.

Circle S.p.A. has been listed on the Euronext Growth Milan market of Borsa Italiana since 26 October 2018 (alphanumeric code: CIRC; ordinary share ISIN code: IT. 0005344996).
