

PRESS RELEASE

CIRCLE GROUP AT THE FIATA WORLD CONGRESS 2026: FOCUS IN THE FUTURE OF LOGISTICS

From 6 to 9 October 2026, CIRCLE Group will participate in the FIATA World Congress in Milan, Italy, with two key initiatives: a workshop with ACCUDIRE on e-CMR and eFTI, and CARGO START's presence as a co-exhibitor at the SEA Milan Airports and Milano AirCargo Community booth.

Milan, October 5, 2026 – CIRCLE Group ("CIRCLE" or the "Company"), an Innovative SME listed on the Euronext Growth Milan market, heading the Group specialised in the process analysis and the development of solutions for the digitalisation of the port and intermodal logistics sectors, as well as in the international consultancy on Green Deal and energy transition topics, announces its participation in the **FIATA World Congress 2026**, one of the leading international events for the freight forwarding and logistics industry. The event will take place in **Milan from 6 to 9 October 2026** at the **Allianz MiCo** Convention Centre.

This 2026 edition marks the centenary of **FIATA** (*Fédération Internationale des Associations de Transitaires et Assimilés*), the association that represents and supports the global freight forwarding community in over 150 countries. Organised with the support of **FEDESPEDI** (the National Federation of International Freight Forwarding Companies) as the host association, the congress will bring together industry players and institutions from all over the world to discuss the challenges reshaping the logistics sector.

Under the event's guiding theme "*Empowering Global Logistics*", CIRCLE will highlight its leading role in the digital transformation of the industry through a twofold strategic presence: a workshop dedicated to e-CMR and eFTI, organised by its subsidiary **ACCUDIRE**, and **CARGO START's** participation at the **Milano AirCargo Community booth**.

Workshop: "From Innovative Services to Paperless Documentation: How Digitalisation is Transforming Logistics and Freight Forwarding."

On **6 October 2026** at **10:30 am** in the **Business Circle** area, **Luca Abatello, CEO of CIRCLE** and **Abramo Vincenzi, CEO of ACCUDIRE**, will lead a session focusing on the digitalisation of transport documents, the opportunities offered by **e-CMR** and the implications of the **European eFTI Regulation (EU 2020/1056)**, which is due to come into force in July 2027.

The workshop will provide an opportunity to review the **tangible outcomes of ongoing pilot** projects and highlight initiatives that are transforming Italian trials into operational solutions. The discussion will focus on accelerating the adoption of **e-CMR** and addressing upcoming cross-border regulatory requirements, beginning with **Spain's DeCA mandate**, which comes into effect on **5 October**, while setting a shared path toward the **eFTI 2027** digital ecosystem.

CARGO START: Supporting the Milano AirCargo Community, in the digitalisation of the Italian air cargo industry

CARGO START, CIRCLE's subsidiary specialising in digital solutions for the air cargo industry, will participate as a co-exhibitor at the **SEA Milan Airports** booth (**No. 19 – MiCo**), as part of the **Milano AirCargo Community**, the network bringing together the main stakeholders operating at the Milan Malpensa cargo hub.

By participating alongside SEA, CARGO START is further demonstrating its contribution to the digital transformation of the Italian air cargo ecosystem, while also reflecting CIRCLE's broader multimodal vision of combining specialised expertise and innovative solutions to support a more connected, efficient and future-ready logistics ecosystem.

"The FIATA World Congress 2026 provides a key international opportunity to exchange ideas on the trends reshaping the logistics industry. For CIRCLE, the claim '*Empowering Global Logistics*' means recognising that growth, competitiveness, and sustainability depend on the ability to connect data, processes, and different transport modes intelligently," said **Luca Abatello, CEO of CIRCLE Group**. "The initiatives we are presenting through ACCUDIRE and CARGO START, alongside the enhancement of the MILOS® ecosystem with SYNAPSE and AI, are tangible proof of this commitment: fostering, through innovation, an increasingly integrated and interoperable logistics ecosystem ready to address global challenges."

Join the workshop: "*From innovative services to paperless documentation: How Digitalisation is Transforming Logistics*".

When: 6 October 2026, 10:30 a.m. | *Where:* Business Circle Area

Meet the CARGO START Team at the SEA Milan Airports Stand

Where: Stand No. 19, Allianz MiCo Convention Centre.

Founded in Genoa in 2012, Circle S.p.A. is the innovative SME at the helm of Circle Group, a company listed on Euronext Growth Milan since 2018 and specialising in the analysis and development of solutions for innovation and digitalisation in the port and intermodal logistics sectors, as well as in international consultancy on Green Deal and energy transition issues.

*The Group comprises the software houses **Info.era**, **NEXT Freight**, **eXyond**, **Cargo Start** and **QMap**; the consultancy firms **Magellan Circle** and **Magellan Circle Italy**; **NEXT Customs**; and the associated company **ACCUDIRE**.*

*In the field of digital innovation, the **Milos® Intelligence** platform integrates advanced AI, simulation and Digital Twin technologies to support decision-making processes and the digitalisation of systems, with solutions such as **the Extended Port Community System**, **MasterSPED®**, **Milos® TOS**, **Milos® MTO**, **Milos® TFP**, **Milos® Global Supply Chain Visibility** and **StarTracking**. Rounding off the offering, the **Federated Services (cloud-based)** enable a more efficient transition to digital business models.*

*Through **Magellan Circle** and **Magellan Circle Italy**, the Group is active in Brussels and across Europe in advocacy work with European institutions, supporting public bodies and companies with **Strategic Communication and Advocacy** services and **the EU Funding Accelerator**, with a focus on the Green Deal and the energy transition.*

*With **Cargo Start**, which specialises in technological solutions for air freight, Circle has strengthened its offering in a strategic segment for the 'Connect 4 Agile Growth' business plan. Through **eXyond**, the Group is active in advanced*

infomobility services (InfoBluNewGen) and telematics solutions for the logistics, transport and insurance sectors (Kmaster).

Circle also holds a 20 per cent stake in the innovative start-up **ACCUDIRE**, which offers a collaborative platform for document management across global supply chains, starting with e-CMR and e-DDT (electronic consignment note). Through **NEXT Customs**, the Group develops digital customs optimisation services, contributing to the harmonisation of processes in line with the strategic guidelines of Connect 4 Agile Growth.

Circle S.p.A. has been listed on the Euronext Growth Milan market of Borsa Italiana since 26 October 2018 (alphanumeric code: CIRC; ISIN code for ordinary shares: IT. 0005344996).
